HOT-STOP® 'L'

LITHIUM ION FIRE CONTAINMENT KIT

SIX EASY STEPS

1. Remove kit from storage bag or sling kit.
2. Don safety gloves.
3. Place PED in containment bag below interior baffles.
4. Pull red tab marked "PULL" to expose hook & loop.
5. Press along seam to seal hook & loop closure.
6. Close zipper tightly against stopper to seal bag.
